The increasing population in Surat has generated lot of industrial, commercial, recreational, educational and other activities. The demand for residential areas has also increased to cater to the fast growing population. Considering the traffic and transportation need of the rapidly growing Surat City and its hinterland the need for the comprehensive and integrated approach towards traffic and transportation planning was strongly felt. Keeping the future expansion of the fast growing city of Gujarat in mind 90 mts wide 66-KM long Outer Ring Road has been planned on the periphery of the city. This road will provide easy access to all parts of the mega city and also in future to the twin city of Surat and Navsari. The land use along this Outer Ring Road is conceptualized so that the city gives the look of the mega city with sky line giving competition to the developed cities of India as well as of the world. In future it will act as a main artery of the city of Surat.

To implement this prestigious project of implementation of 90m wide Outer Ring Road and its surrounding area by mechanism of Town Planning Scheme, SUDA in association with SMC has formed a company (SPV) name **URBAN RING DEVELOPMENT CORPORATION LIMITED**, under the Companies Act, 2013. The company shall be involved with planning, design, construction of 90m wide ring road of international standard with physical infrastructure.
